

What is a Vision Statement?

Community Vision Statement

If you don't know where your going, or why your going there any route will take you there

Nanoose First Nation needs purpose, direction and empowerment.

By creating a Vision for the future we unite our efforts as one to align our resources in order to achieve our vision

Right now

- we don't know exactly what Nanoose will look like
- we kind of unite in different ways
- we are somewhat inspired by some of the work that's going on

A Vision Statement...

- We've developed destinations of where we want to go
- We've got aspirations of what we want to look like
- We have an empowering description of who we are and what we represent
- We are developing tools to elevate our energy, enthusiasm & self esteem

A Vision Statement...

- As a group we've identified direction and purpose
- Together we are building loyalty through involvement
- This work will result in efficiency and progress
- By developing this work we will provide a level of continuity throughout any future work that will be done in Snaw'Naw'As

- **Matawa First Nations Vision**
- Matawa First Nations will be prosperous and enriched First Nations both individually and collectively. By creating enhanced social and economic opportunities for everyone, the Matawa First Nations will reach their maximum potential and have confidence in the future.
- **Sliammon Nation**
- Based on our Taow (the teachings of our ancestors) we will empower our citizens to be healthy, self-governing stewards of the land. With full jurisdiction, and responsible leadership we will create the economic and employment opportunities to sustain and improve the quality of life for present and future generations.
